

LEAK GUARD TANK GAUGE

800/457-0749
540/932-8594 FAX
Waynesboro, VA 22980
www.bjenterprisesinc.com

Large Glass
4 Window Display

Highly Visible
Orange Indicator
With UV Inhibitor

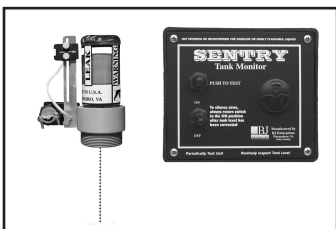

Ideal for detecting leaks in double wall tanks. Large visual sight gauge will indicate if leak occurs in interstitial space. When orange indicator appears, leak is present. When combined with Wall Mount Sentry or 007 Tank Monitor, 103 decibel siren will sound if leak occurs, providing audible & visual interstitial leak detection.

2" NPT Threads
(1 1/2" optional)

Available with optional alarm:

SENTRY WALL MOUNT LEAK GUARD

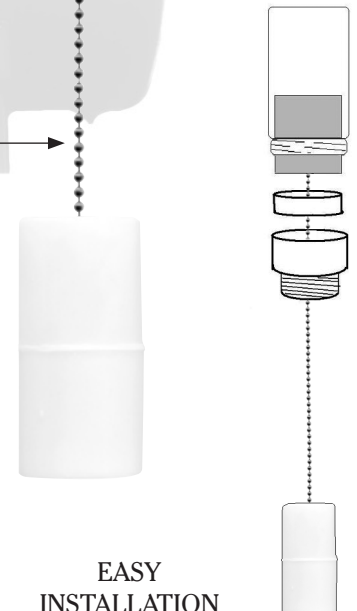

007 LEAK GUARD
